

To Whom It May Concern,

It is with great enthusiasm and respect that I write this letter of recommendation for Obai Sukar, who served as the IT Director at Synergy Senior Management during the three years we worked together. In my role as SVP of Finance & Community Operations, I had the distinct pleasure of collaborating closely with Obai on numerous company-wide initiatives, and I can say with confidence that he is one of the most dynamic, generous, and multi-talented professionals I have ever worked alongside.

Obai brings more than 25 years of experience in a wide range of disciplines, from IT infrastructure and cybersecurity to sound design and radio production. His ability to bridge technical excellence with creative insight is nothing short of remarkable. Whether optimizing in-house systems, scaling infrastructure to support our company's rapid growth, or delivering innovative audio solutions, Obai approaches every task with precision, passion, and a strong sense of ownership.

Beyond his impressive skill set, what truly sets Obai apart is his character. He is thoughtful, kind, quirky, and deeply committed to helping others. He fosters collaboration even the most high-pressure situations. As a leader, he is both visionary and approachable — someone who inspires trust and consistently delivers results.

I wholeheartedly recommend Obai Sukar for any role that calls for a seasoned, adaptable, and forward-thinking IT professional. Any organization would be fortunate to benefit from his talent, integrity, and unwavering work ethic.
